IT'S TIME FOR A BETTER **WEB SITE.**

At opusWeb.com, you'll be talking to a Web design firm with **17 YEARS** of insight, not one that's still learning the business. From online shopping to the ability to manage key portions of your Web site, you'll need a Web developer who has actually accomplished these objectives. Our track record for excellent customer service has become a very important part of our success, too.

The Ojibwa Casinos in Baraga & Marquette have been with opusWeb.com since 2005. Today, their Web site features include online reservations and management, client-updateable specials and promotions, a feature-rich interface, and more. Experience all of this at **OjibwaCasino.com**.

The screenshot shows the Ojibwa Casinos website interface. At the top, there's a navigation menu with links for PROMOTIONS, GAMING, BINGO, DINING, LODGING, CONTACT, and EAGLE CLUB. A central banner features the Ojibwa Casinos logo and a message: "Tables are now open at NOON 7 days a week!". Below this, a large announcement reads "19th Anniversary Celebration" and "Win up to \$1900!". A "FREE Cake" offer is also visible in the bottom right corner of the screenshot.
